Sep 2020

Tuesday 10th: Intermediate Shotgun

This is a great bridge between learning the fundamentals of the shotgun and an advanced defensive class. The student will learn multiple operations of the firearm such as reloads and target transitions. The student will leave the class more confidence and knowledge with their shotgun. While this class is just range time, we still provide a stress free, unintimidating atmosphere where we encourage all students to ask any and all questions they may have.

With a lower round count, this course focuses on modern coaching techniques and video diagnostic to achieve successful results quicker.

Duration: 4 Hours

Cost: \$100

To Register: <https://www.greigshooting.com/intermediate-shotgun>

Oct 2020

Tuesday 13th: Advanced Handgun

This course is designed to focus on accuracy (pistol marksmanship). Students will be pushed to attain bulls-eye accuracy out of traditional defensive semi-automatic pistols at any realistic handgun distances. Learn how to place a bullet on point, on demand, no matter what distance. The skills will be used on drills incorporating rapid movement between shooting stances and positions. While this class is just range time, we still provide a stress free, unintimidating atmosphere where we encourage all students to ask any and all questions they may have.

With a lower round count, this course focuses on modern coaching techniques and video diagnostic to achieve successful results quicker.

Duration: 4 Hours

Cost: \$100

To Register: <https://www.greigshooting.com/advanced-handgun>
